Hi Jenn,

This is a request for our BLS website.

I understand that you will need to attend a website liaison training downtown before you are able to make any changes.

This could take a few months (especially since EEE virus is so hot this year).

But this is for your files, when you are all trained and ready.

Warm regards

Hi Ciranna,

Here are the monthly reports for the drug lab for April and May.

Many thanks,  
Elisabeth

Hi Betsy,

Attached are the completed monthly reports for April and May with the preliminary numbers added.

Let me know when you are all set with June results and I will finish up that report too. Or did you bring samples out to Worcester again, and we will have to wait for their results?

Talk to you soon,  
Sharon
